## Prime Minister of Belgium, Charles Michel visited Nippon Shokubai and had a conference with the President, Masanori Ikeda

Today, Prime Minister of Belgium, Charles Michel visited Nippon Shokubai Tokyo Office and had a conference with the President, Masanori Ikeda.

In the conference, Ikeda introduced Nippon Shokubai Group and Belgian subsidiary NIPPON SHOKUBAI EUROPE N.V. ("NSE"). He also explained the large-scale investment plan at NSE(\*), which has been just decided the day before.

NSE was established in 1999 and has played an important part in the progress of Nippon Shokubai Group. Nippon Shokubai will continue to act on the global stage to realize our **TechnoAmenity** mission of "providing affluence and comfort to people and society".

(\*)For further details, please see the News Release on May 11<sup>th</sup>, 2015  
NIPPON SHOKUBAI announces NIPPON SHOKUBAI EUROPE N.V., a subsidiary in Belgium ("NSE"), plans to expand its Superabsorbent Polymer ("SAP") plant and build its Acrylic Acid ("AA") plant.
